\sim 1 significantly compared to 2014, $p < 0.05$	if is a provided to 2014, $p < 0.05$							

 \checkmark significantly compared to 2014, p < 0.05

 \uparrow significantly compared to 2014, p < 0.05

* Quarter 1 is from January 4, 2015 – March 28, 2015.

** Rate per 100,000 population

*** Includes both **probable** and **confirmed** cases

<u>Note:</u> All counts are based on **confirmed** cases (unless otherwise noted) that have been entered into <u>CalREDIE</u> as of April 29, 2015. Reporting of these selected reportable conditions and many others not listed are mandated under <u>California Code of</u> <u>Regulations (CCR), Title 17, Section 2500</u>. Rates are not calculated for diseases/conditions with less than five reported cases.
