HOW TO APPLY FOR MEDI-CAL

Medi-Cal is health coverage for Californians who meet income and eligibility requirements. It provides access to a comprehensive set of benefits known as the “essential health benefits”. These essential health benefits are:

- Outpatient (ambulatory) services
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance use disorder services (including behavioral health treatment)
- Prescription drugs
- Programs such as physical and occupational therapy
- Laboratory services

- Preventative and wellness services
- Chronic disease management
- Children’s health services (including oral and vision care).

If you are pregnant or have an immediate medical need, apply in person at one of the offices listed under Health Insurance Information (pg. 42 – Community Services Agency or pg. 44 – Medi-Cal). A case manager will assess your situation and determine your eligibility. You may be eligible for temporary approval of Medi-Cal benefits while your application is being processed.

Q. What verifications are necessary to provide when applying for Medi-Cal?

A. You may apply without documentation, but you will have to give certain information before your Medi-Cal can be approved. Your worker will tell you what proof is needed. If you cannot get the proof yourself, ask your worker to help you.

Here is a list of some of the items that may be required:

- Social Security card(s)
- Medicare card(s)
- Naturalization documents(s)
- Alien registration card(s)
- Pregnancy verification
- Income verification
- Property tax statements for all real property
- Vehicle registration(s)
- Bank account statement(s) and trust account document(s)
- Stocks, bonds (including U.S. Savings Bonds), and mutual funds
- Life Insurance policies including Cash Surrender Value (CSV) tables
- Documentation regarding the current value of Annuities, IRAs, and Trusts
- Burial trust(s), prepaid burial contract(s), and information on burial plot(s)
- Documentation showing proof of identity and citizenship

Q. Do you have to be a US citizen to be eligible for Medi-Cal?

A. No, but you must be an eligible non-citizen (have the legal right to be in the US) to get full scope benefits. If you are an undocumented resident, you may be eligible for pregnancy or emergency related services only. Talk to a Medi-Cal worker or call the Medi-Cal Outreach Line (pg. 44) for more details.

Q. Do you have to have children to be eligible for Medi-Cal?

A. No, adults without children may apply for Medi-Cal benefits if they are:

- Pregnant
- 65 or older
- Have a verified disability that is expected to last a year or more
- Are legally blind
- In long term care at a skilled nursing facility
